10. Permit Review Due Date:

11. Owner/Operator Transfer Date:

SOLID WASTE FACILITY PERMIT

Facility Number:

10-AA-0188

12. Legal Description of Facility:

The legal description of this facility is contained in page 1 of the Transfer/Processing Report dated November 2011. The physical location for this facility is referred to as APN 328-240-40 on the Fresno County Assessors Parcel Map.

13. Findings:

- a. This permit is consistent with the Fresno City's Non-Disposal Facility Element which was approved by the CalRecycle on November 19, 2002. The location of the facility is identified in the City's Nondisposal Facility Element pursuant to Public Resources Code (PRC), Section 50001(a).
- b. This permit is consistent with the standards adopted by the CalRecycle, pursuant to PRC 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the enforcement agency, pursuant to PRC 44009.
- d. The City of Fresno Fire Department has determined that the facility is in conformance with applicable fire standards, pursuant to PRC Section 44151.
- e. A CEQA Document, A Mitigated Negative Declaration was filed with the State Clearinghouse (SCH #2010071024) and certified by the City of Fresno Development Department, Planning Division on July 2, 2010. The Mitigated Negative Declaration describes and supports the design and operation, which will be authorized by the issuance of this permit. A Notice of Determination was filed with the Fresno County Clerks office on September 16, 2011 (E2010100000211).

14. Prohibitions:

The permittee is prohibited from accepting the following wastes:

Hazardous, radioactive, medical (as defined in Chapter 6.1, Division 20 of the Health and Safety Code), liquid, designated, or other wastes requiring special treatment or handling, except as identified in the Report of Facility Information and approved amendments thereto and as approved by the enforcement agency and other federal, state, and local agencies.

15. The following documents describe and/or restrict the operation of this facility:

	Date		Date
Conditional Use Permit Resolution No. C-10-028	07/02/10		
Transfer Processing Report	11/2011		
Mitigated Negative Declaration SCH No. 2010071024	07/02/10		
City of Fresno Planning Commission Resolution Approval #13084	02/16/11		
Notice of Determination E2010100000211	09/16/11		

SOLID WASTE FACILITY PERMIT

Facility Number:

10-AA-0188

16. Self Monitoring:

The owner/operator shall submit the results of all self monitoring programs to the Enforcement Agency within 30 days of the end of the reporting period (for example, 1st quarter = January – March, the report is due by April 30, etc.. Information required on an annual basis shall be submitted with the 4th quarter monitoring report, unless otherwise stated.)

Program	Reporting Frequency
a. The types and quantities (in tons) of waste, including separated or commingled recyclables, entering and exiting the facility per day.	Quarterly
b. The number and types of vehicles using the facility per day.	Quarterly
c. Calculate monthly waste transferred to the landfill for disposal each day.	Quarterly
d. Copies of all complaints regarding this facility and the operator's actions taken to resolve these complaints.	*
e. Log and reports of special occurrences: accidents, fires, explosions, public nuisance incidents and the operator's actions in response to the event.	*
f. Employee training log with dates of training and topic description- Maintained and checked on site.	*
g. Results of the hazardous waste load checking program, including the quantities and types of hazardous wastes, medical wastes or otherwise prohibited wastes found in the waste stream and the disposition of these materials.	*
h. Logs and reports of all employee and customer injuries.	*
* All records will be maintained on site for LEA monthly review	

SOLID WASTE FACILITY PERMIT

Facility Number:

10-AA-0188

17. Enforcement Agency (EA) Conditions:

- a. The operator shall maintain both the Solid Waste Facility Permit (SWFP) and the Transfer Processing Report (TPR) at the facility at all times, and make these documents available to facility personnel and all responsible agencies during business hours.
- b. This permit is subject to review by the EA and may be suspended, revoked, or revised at any time for sufficient cause or when deemed necessary due to an emergency, potential health hazard or the creation of a public nuisance.
- c. Additional information concerning the design and operation of the facility shall be furnished upon request and within the time frame specified by the EA.
- d. The operator shall maintain at the facility, accurate daily records of the incoming and outgoing tonnages and the number of vehicle trips, a record of at least daily load checks, and shall have these records accessible to the LEA and other regulatory personnel.
- e. The operator shall maintain a log of special occurrences at the facility. The log shall include, at a minimum: fires, explosions, any incidents including hazardous or prohibited wastes, any significant accidents and/or injuries, any conditions or incidents that forces the facility to close. Each log entry shall include an account or summary of the actions taken by the operator to mitigate the special occurrence. The log shall be available to site personnel and the LEA at all times. The LEA shall be notified immediately if any of these events occur.
- f. Records of employee training for health and safety, in the operations and maintenance of the site shall be maintained on site and available for inspection by the LEA and other regulatory agencies.
- g. The Injury, Illness, and Prevention Program (IIPP) shall be available for review by local and state inspectors during normal business hours.
- h. The maximum permitted daily tonnage for this facility is **2,000 tons per day** and shall not receive more than this amount without a revision of this permit, with the exception of an emergency waiver/declaration by State or local authorities.
- i. Composting is prohibited at the facility. Processed and unprocessed green material shall be removed from the facility within **48 hours** of receipt.
- j. Municipal Solid Waste (MSW) shall be removed from the facility within **48 hours** of receipt. MSW must be deposited and stored inside the transfer station building.
- k. All recyclable materials shall be stored in a neat and orderly manner such as not to generate litter, harbor vectors or create a nuisance. Recyclable materials shall not remain onsite for more than **90 days**.
- l. The facility shall be cleaned of accumulated litter at least daily. Litter shall be collected more frequently as necessary to prevent litter from migrating off site.
- m. If the operator wishes to change the design or operation of the solid waste facility in a manner that is not authorized by the existing permit, the operator shall file an application for revision of the existing solid waste facilities permit with the enforcement agency. The application shall be filed at least 180 days in advance to the date when the proposed modification is to take place.
